

## WEEK 24 SEPTEMBER TO 4 OCTOBER

Small groups are seen in Spain, while more and more cranes begin to move to Central Europe, and also to northern France.

24/09/20: 1 over Alcalá de Henares (M) Carlos Plaza.

25/09/20: 25,100 in the Bodden de Darß Zinger region and at Rügen (GE) Günter Nowald.

26/09/20: 3 at Villafáfila (ZA) Juan J. González.

27/09/20: Heard over Montijo (BA) Info: Francisco Lopo.

28/09/20: 13,260 at Hornborga Lake (SE). The majority of the Estonian cranes with GPS are already on the move, one of them *Vilja* is already at Hortobagy (HU), and others are in Poland and Belarus.
